Notification No. G. N. 24, dated 26th February 1940.

To

HARDWARE MERCHANTS.

GENTLEMEN,

Please be good enough to quote your best rate for the supply of the following, delivered, f.o.r., Bangalore City, stating therein time required to make the supply. Your tender superscribed "Tender for Galvanized Wire, 16th March 1940, 12 NOON" should be delivered in the office of the Chief Electrical Engineer in Mysore, Bangalore.

Miles 80.—No. 10 B.W.G. double-galvanized telephone steel wire, conforming to latest British Standard Specification; to be supplied in 1 cwt. coils.

Note.—Tenderers should furnish the following details:—

(1) Weight per mile.
(2) Resistance per mile at 20°C.
(3) Ultimate strength.

The supply on this tender would be subject to the conditions of contract obtaining in this department for local purchases.

Failure to supply the wire within the agreed time will entail not only cancellation of the order but also the purchase being made at the cost of the firm failing to fulfil the contract.

The Chief Electrical Engineer will not bind himself to accept the lowest tender or to assign any reason for accepting tender of any firm other than the lowest. His decision in all cases of dispute in respect of this tender will be final.

M. HAYATH,
For *Chief Electrical Engineer.*

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, MYSORE.

Notification dated 16th February 1940.

1. Sealed tenders in triplicate will be received at the Office of the Superintendent, Power the Lighting, Mysore, superscribed with the name of the work noted below.

2. A sum of Rs. 95 (Rupees Ninety-five) only is required to be sent along with the tender in cash or currency or cheque drawn in favour of the Superintendent, Power and Lighting, Mysore or order, being the earnest deposit. *Tenders not accompanied with the said deposit will not be accepted.*

3. The plans connected with the work may be seen at the office of the undersigned at all working hours. The same will be made available on payment of Rs. 3 per set, if required.

4. The tender should be drawn up strictly in conformity to the specifications furnished writing out the rates at which each item of work will be executed in figures as well as in words, failing which, no cognizance will be taken of the tender. *The type of wiring adopted being in conduit embedded in the wall it has been arranged to cut open the Grooves for laying the conduit including the niche, to plaster and finish the surface damaged, through the agency of the Public Works Department. The tender should comprise provision exclusively for the electrical portion of the work.* No items other than those incorporated in the statement should be included in the tender as the items cover provision for all the necessities to the satisfactory execution of work.

5. Materials to be used on the work should be of best quality conforming to the specification of this department and B.S. or A.I.E.E. Specifications. Mention should also be made of the manufacture and the catalogue numbers of the materials offered. Teakwood planks to be used on the work should be free from knots, cracks and should be well seasoned. No plank less than 12″ in width will be permitted to be used unless it is to make up the difference in size of the board required. Only lap joints should be adopted in all cases.

6. The undersigned reserves the right to reject the tenders without assigning any reason therefor.

7. The successful tenderer will be required to execute an agreement within two days from the date of communication of acceptance of the tender. He should arrange to send for inspection the materials to be employed on the work and start the work after obtaining the approval of the undersigned with regard to the same within a week from the date of communication of acceptance. Failure to adhere to the conditions above will entail forfeiture of the earnest deposit and adoption of such measures as are necessary for expediting completion of the work otherwise entirely at his risk. He should also bind himself to execute the work strictly adhering to the wiring rules of this department as well as those of I.E.E. He should also be prepared to adopt changes in the location of lighting fixtures control points, etc., that might be desired by the undersigned during the progress of the work without any obligation if the tender is not materially affected thereby. It may be noted that the control switches of the lighting outlet as also wall plugs should be grouped and located at a height between 2½ to 4 feet above floor level as per directions at the time of the execution.

8. The undersigned reserves the right to reject the work either in full or in part if the same is not executed according to the above specifications or is not satisfactory as regards workmanship.

9. Special care should be taken to afford metallic continuity and to provide efficient earthing to the installation as the system of wiring adopted is in conduit.

10. *Name of work.*—Installing electric lights and heating circuits to the Special Ward of 12 beds at Krishnarajendra Hospital, Mysore.

11. *Last date and time of receiving the tender.*—At 3 P.M. on the 11th March 1940.

12. *Last date and time for opening the tender in public.*—At 4 P.M. on 11th March 1940.

13. A period of 8 weeks from the date of acceptance of tender will be allowed for the completion of work in all respects. If the installation is not handed over to the department with service on the due date, the department will arrange to take charge of the installation at whatever stage it might be and arrange for completion of the work through any other agency at the risk of the tenderer.

14. The firm executing the work should arrange while handing over the installation to this Department to pass a certificate of guarantee for the continuance of satisfactory service to the installation for a period of 12 calendar months from the date of handing over charge to this Department while uninterrupted power supply is maintained. Further, it will be obligatory on the part of the Firm to attend to any defects in the installation that might crop up during the above period without any return for service rendered.

15. *Details of work.*—The quantities given in the annexed Statement are not guaranteed and are subject to variation at the time of executing the work.
